Selection Procedure:

The selection panel will consist of a chairperson and one member from each district, and will be selected/appointed to insure objectivity. The chairperson will change each nominee's name on each application to a number (so as not to have personalities involved) and forward copies of all applications to each panel member. Panel members will carefully review and consider each entry and select a first, second, and third ranking nominee by number and return all applications to the chairperson. The chairperson will tally the results and make arrangements for the award presentation, i.e. selection of the award itself, engraving (if necessary) and selection of an appropriate presenter. A name register will be hung in the CA4WDC office on a brass plaque.

An essay detailing the individual's achievements must be submitted to the Sacramento Office by December 31 of the current year.
