A view of Means wet lake, yep over an 18 hour period it rained 4inches or more.

Editors Message:

The 2019 calendar is done. this doesn't mean that if you have the urge to lead a run that you can't.

Check out November and December there is still a lot to see and do.

See you on the trail.

Adopt-A-Trail

Travel time to/from AAT events is no longer counted towards AAT hours. Only time from the start of the event to the end of the event is eligible.

The OHV program is now permanent – The forest service is requesting pictures of work that is completed before and after each trail run. Pictures help the forest service to get grant money. No inappropriate pictures make sure all in attendance are wearing proper gear, ie work boots, long pants, long sleeves, hard hats, eye protection.

Lockwood Creek / Miller Jeep Trail

OCTOBER 6, 2018

Run leader: Danny & Pete

Thirteen vehicles showed up on a cool 55 degree Saturday morning at Frazier Park, Kern County for the Lockwood Creek / Miller Jeep Trail Run. Attendees:

- *Ray & Karen
- *Joe
- *Tim & Chris
- *Craig & Brandon
- *Scott
- *Brandon & family: Jennifer, Samantha, & Hailey
- *Mike & Nancy
- *Rob & Karen
- *Doug & Armani
- *Frank
- *Mike (guest)
- *Danny & Linda
- *Vas (guest)

We left Frazier Park for Lockwood Creek at 9:00 am with Brandon as mid-gunner and Rob as tail-gunner. At the beginning of the trail head we all aired down. A 4-legged, friendly guest showed up and tried to hitch a ride with the Brandon crew. No room available.

After air-down we started up the first part of the hill with no problems. Some of us went through the first obstacle and some went around. Joe tried multiple times, but he finally backed down and went around. He just couldn't get his left rear tire over the rock.

The first half of Lockwood Creek went well as the trail had been maintained with some kind of grader. They did a good job as most of the ruts were gone. Our only problem was with the radios. Rob thought someone's mic button was accidentally being keyed causing static. We took a break and Rob conducted a radio class related to the securing of the mic button. It was then decided to change to channel DD2. We continued and finished Lockwood Creek with no further problems.

Piru Creek was our stop for lunch. Enjoyed the shaded trees, no wind, not too hot or cold. Perfect stop for lunch. Our next destination was Miller Jeep Trail.

Miller Jeep Trail was not maintained with many ruts and rocks. We moved slowly up the trail, ran across a few obstacles, and made a few stops for spotting. Everyone did a great job and I am still in possession of a cow bell.

We made it to the top of Alamo Mountain and descended to Hungry Valley where we disbanded. Thanks to everyone that joined us and a special thanks to Brandon, mid-gunner and Rob, Tail Gunner. It was a fun day!

17th Black Canyon

Black Canyon Run (E) and
Stoddard Valley OHV Night Run (M)

Trail Leaders: Ray & Karen Kleinhuizen (Cell 714-300-9656) raykaay@gmail.com

Meeting Location: T/A Travel Center at the Lenwood exit off the 15 Fwy. From LA/OC, take the 15 Fwy North to Barstow. Take the Lenwood exit and turn left over the Fwy. Make a left turn into the T/A Travel Centre

Meet Location for night run: From LA/OC take the 15 Fwy North to Lenwood Rd. exit. Turn right on Lenwood Rd., then left on Mercantile Way by the 76 gas station. Pull into the dirt area on the right and look for the Jeeps.

Meeting Time: 8:30 am, leave for the trail at 9:00am

Meeting Time: 6:30 pm, plan to leave for the trail at 7:00 pm

Black Canyon is a sandy wash that skirts the edge of the Black Canyon Wilderness area northwest of Barstow, home to desert sheep. The trail types in the Black Canyon area include sandy washes, some moderate rocky sections and steep hill climbs.

This is an easy trail with some mildly moderate sections. There are several points of interest in this area. This area has many Indian petroglyphs with the most at one of our stops at Inscription Canyon. Another stop will be Murphy's well, an impressive display of Indian Petroglyphs. We will also stop at Scouts Cove, a small shelter cut into the side of a hill by miners in the Fire Opal Mining Camp. We will stop at a new point of interest: the Indian caves.

The night run in the Stoddard Valley OHV area will take us through sandy washes, rocky canyons and steep hill climbs. The trail will have several rocky canyons with ledges that have steep drop-off and rocky hill climbs with small ledges.

Special Equipment Required: None. Any stock 4 wheel drive vehicle with good low range gears can run this trail. Night run: 33 inch tires and one locker are recommended. Off road lights are not required but are recommended

Reminder to Bring: Camera, Warm clothing (check weather forecast), Chair, Lunch, Water, etc.

Lunch: We will stop for lunch along the trail.

15th Holiday Lights Run

Spark of Love toy drive

Run Date: Saturday Dec 15

Trail Leader: Ray Kleinhuizen (714-300-9656)
raykaayy@gmail.com

Meeting Location: Tri City Park in Placentia, at Kraemer Blvd and Golden Ave. Lot B in the front of the park.

Meeting Time: 4:30pm

Spark of Love: Please bring one or more new, unwrapped toy or sports equipment,

Run Description:

Dress up your ride with as many Christmas lights and Holiday decorations as possible (keep it safe) or until you like the way it looks. Our first stop will be the Placentia Fire station to drop off our donations. The run will be a tour of the best holiday light displays in the cities of Brea and Fullerton. We will wind slowly through the neighborhoods and add our lights to the holiday cheer. We will also take a slow drive through the Fullerton Hills on Sky Line Dr. for some nice views.

Special Equipment Required: Street legal vehicles only. Dress up your off road rig with holiday lights and decorations. Have some fun. Off-road lights are not appropriate, but rock lights are OK.

Reminder to Bring: Your Holiday spirit and a gift for the Spark of Love toy drive

The Mike Maneth memorial bell.

Mike was a Dirt Devil legend. Loved by all, always ready to jump in and help others. He drove a modified Bronco. He did all his own design and fabricating. It didn't hurt that he was a welder by trade. He rolled on to his side a few times and we would all pitch in and get him upright and on his way.

The cow bell rules are: Cow bells are awarded from air down to air up. If you get stuck and are unable to move under your own power and need the help of a winch or you get strapped from one of your fellow Dirt Devils then you have earned the privilege of hanging the cow bell from your front bumper. You must leave the cow bell on the front of your rig until another Dirt Devil gets stuck. Then you help attach the cow bell to their bumper.
