

# The Gopher Trap

Est: June 1965

Issue: February 2019

**Meeting Day:** First Friday of the month — **Time:** 6:30 PM

**Location:** Wyandotte Grange - 4910 Foothill Blvd.

## OGJC President Report

Welcome to 2019! The new year brings new adventures for the Ophir Gopher Jeep Club. I am very excited for our club's future and am committed to its success.

Please give some thought to the OGJC Mission Statement. I have looked at various club websites and each mission statement is very similar to our Purpose Statement in the bylaws and I believe it is a great place to start with our Mission Statement. After we come to agreement on the statement, I'd like for us to put it at the forefront of our Facebook Page. We have a great club...let's promote it.

For those members who were unable to attend the run planning meeting, I mentioned a desire for our club to participate in this year's Feather Fiesta Days Parade. Additionally, I proposed we have a booth to solicit potential new members and share about our club. It would be great if the Cal4Wheel Win a Jeep could lead us in the parade and be present at our booth, maybe convention will be a good time to broach that idea with Cal4Wheel. I know there will likely be some logistical obstacles, but let's just throw the idea out there and see what comes of it.

Lastly, I'm writing this just after we arrived home from Winter Fun Fest. As expected, we had a wonderful time. Thank you, John, Glenda, Keith, Sharon, Carl and Nadine for the good times and wonderful friendships. Experiences like these are what make OGJC such a wonderful group of people.

Ok...my first report as President is in the books.

Jerry Roberson  
OGJC President

## Unofficial Trailmaster Report

By: Keith Van Zandt

A few of us went on a unofficial trail run.

Woody from San Diego was leaving soon and Jerry thought it would be a good idea to how him the North State trails.

There were six rigs. Jerry, John Morse and his cousin, Woody, Larry, Carl & Nadine and Me.

Kind of a wet and cold day for a ride in the woods.

We ran into snow at the top of the hill and that made further progress a challenge on the hills.

One of the goals of the trip was to see if the big boulder was still near the top of the Tobin Trail. It was.

Playing in the snow always makes for a good day. But seeing the devastation on the out skirts of the camp fire is very sobering.

Upcoming: Winter Fun this weekend. I will try and get some pictures.
