Winter Fun Festival — January 2018

(From the Ophir Gopher Facebook Page)

The January run was great fun at the Winter Fun Festival run hosted by the Grass Valley Four Wheelers at the Nevada County Fairgrounds. There were several runs to choose from and 5 rigs from the Ophir Gophers went on the Siberian Express Trail along with about 25 others. We spent most of the day searching for snow which we found at about 7400 ft. elevation. Lots of beautiful weather, sunshine, good company and mud. Awesome country traveled that day. We passed by or stopped at about 3 reservoirs. We began above North San Juan and came out on Bowman Road on 20 almost at I-80.

Many thanks to all of the 4 wheelers in the Cal 4 Wheel Drive association for making the entire weekend a great trip. Enjoy the pictures !

Something is missing this year.

Woo Hoo, Found Some!!
